call new ball talk together

#### List 25

climb know sometimes people once lamb  
something mother knew other another

#### List 26

could because any enough laugh couldnt  
began friend many before remember would

\* Mr and Mrs can be explained by writing the words out in full for the child e.g. Mister (showing that Mr is made up of the first and last letter). Mrs is slightly more complex as it contains an 'r' that the word Misses doesn't (it originates from Mistress). However Misses is consistent in that it contains the first and last letter.
