

My Maths Targets

4 Operations

(Addition, subtraction, multiplication & division)

Name:

Class:

Date:

Key

1
I'm beginning to do it with help.

2
I can do it most of the time, but sometimes I may need help.

3
I can do it well (with independence) nearly every time.

4
I can do this accurately all the time and teach someone else.

4 Operations (Addition, subtraction, multiplication & division)	What I think (beginning)	What I think (end)
I can <u>add</u> large whole numbers		
I can <u>subtract</u> large whole numbers		
I can <u>add</u> decimal numbers to two decimal places		
I can <u>subtract</u> decimal numbers to two decimal places		
I can instantly recall my addition and subtraction facts to 20		
I can multiply 2 or 3 digit numbers by 2 digit numbers		
I can divide large whole numbers by 1 digit numbers (with remainders)		
I can divide whole numbers by 10, 100, 1000 etc (with remainders)		
I can use estimation when solving problems involving addition, subtraction, multiplication and division to help judge the reasonableness of answers		
I can recognise the relationship between the 4 operations (number families)		
I can use materials, pictures and words to explain how the written method works for each of the 4 operations		
Mental Computation – Multiplication and division basic facts		
I can instantly recall multiplication facts to 10 x 10		
I can instantly recall division facts to 10 x 10		
I can use efficient strategies to <u>mentally multiply</u> 2 digit by 1 digit numbers		
I can use efficient strategies to <u>mentally divide</u> 2 digit by 1 digit numbers (with remainders)		
I can divide 4 digit numbers by 10, 100, 1000 etc (e.g. $4000 \div 1000 = 4$)		
I can <u>explain the strategies</u> I use to work out various problems
